

Sprint Reflection Questions

1. What was specifically accomplished during the past sprint?

- Our team worked on the requirements document.
 - We down the framework for the requirements.
 - We also wrote down the questions that we plan to ask for industry research.
- The requirements manager has been assigning work between the team and informing us of the work that needs to be completed.
- We also met as a team to discuss the agenda for the following week – especially regarding industry research.
 - We decided to move away from just FAANG companies to all major/large tech corporations.
 - Thomas will begin to work on Google Sign-in.
 - Aditya will begin to work on Amazon Storage.

2. What challenges did you encounter?

- There were no specific challenges that we encountered – we did have a slight issue with timing issues and meeting as a team.
- It was also hard to find interviewees for industry research.

3. Do you anticipate any specific challenges in the next sprint?

- We expect it to be slightly difficult to solicit quality interviews.

4. Is there anything you need from the staff right now?

- At this stage, we are managing well with the resources and guidance provided. However, we may seek advice on balancing the project's scope with our time constraints as we further define our requirements.
