Sprint Reflection Questions

1. What was specifically accomplished during the past sprint?
   - During the past two weeks our team has been working exclusively on improving the user experience and preparing for the completed website for Beta testing.
   - Specifically:
     - Thomas completely redid the user interface and removed bugs.
     - Andrew has been completing work on his own assigned features.
     - Zach has been completing work on his own assigned features.
     - Charles has been completing work on his own assigned features.
     - Aditya has been contributing a significant amount of changes including new UI elements, reporting, and additional admin features.
2. What challenges did you encounter?
   - We did not encounter any challenges in specific we completely finished our website.
3. Do you anticipate any specific challenges in the next sprint?
   - The next sprint has much less work than this sprint, and I believe that we are up to date.
4. Is there anything you need from the staff right now?
   - At this stage, we are managing well with the resources and guidance provided. However, we may seek advice on balancing the project's scope with our time constraints as we further define our requirements.
